## SUPERYACHT CHEFS' VIRTUAL COMPETITION 2020

Normally at this time of year chefs are flexing their culinary muscles at the MYBA Show Chefs' Competition in Barcelona. However, since the show is sadly not going ahead as usual we've decided to run a different type of Competition - a virtual one.

The theme is HEROES - to celebrate all the medical and front line workers across the world and we will be donating all money raised to the charity Action Against Hunger's COVID-19 RELIEF FUND. Chefs must cook one dish that celebrates their favourite hero - real or fictional.

A judging panel of industry experts will be judging the presentation and creativity of the dishes and we will be asking senior crew to judge the taste. Obviously the crew be biased but hey - we can't bring the judging panel to you on board so this is the next best thing!

It is not compulsory and you can enter the competition without making a donation but we would obviously rather if you did!

## THE RULES

The chef must prepare and cook a minimum of 1 plate of food that relates to the theme **HEROES**.

It is up to the chef if they want to do more courses or create a whole menu – however only one plate of food needs to be submitted to be judged.

It is up to the chef whether they create 3 identical plates of the same dish (for the three on board judges) or they can create one plate for the 3 judges to share.

## THE THEME = "HEROES"

We've chosen this theme to celebrate the brave work and contributions of all the frontline medical workers across the world during the Covid-19 pandemic.

The plate must relate directly to the theme and celebrate a hero and you must give your dish a title.

It can be a real-life hero or you can choose a fictional hero from a movie, book etc.

We urge the chefs to be as creative as they like and the use of props is also allowed.

Please feel free to provide any explanations in the video submission (see later) or you can use props alongside your dish to explain the theme.
